

SmallRig

Quick Release Plate

for DJI RS 2 / RSC 2 / Ronin-S / RS 3 / RS 3 Pro / RS 4
/ RS 4 Pro / RS 5 with Manfrotto-to-Arca Type Mount Plate

Operating Instruction

SmallRig Quick Release Plate with Arca-Swiss for DJI RS 2 / RSC 2/ Ronin-S / RS 3 / RS 3 Pro / RS 4 / RS 4 Pro / RS 5 3061 is designed to assist users to directly install an Arca-Swiss standard L bracket and cage on the gimbal, which can switch quickly between tripods and gimbal, thereby saving users time. The quick-release plate is Manfrotto type with a built-in Arca-Swiss base, can be locked quickly by thumbscrew without any tools. It has an adjustable anti-drop design, which can still achieve the anti-drop function when matched with the original Arca plate. It can also be pressed to adapt to the standard Arca-Swiss L bracket and cage on the market. The quick-release plate adopts the original camera plate design, and is compatible with the original Arca-Swiss plate, focus rod mount equipped with DJI RS 2 / RSC 2 / RS 3 / RS 3 Pro / RS 4 / RS 4 Pro / RS 5, and has a gear rack at the bottom, allowing the quick-release plate for slight adjustment.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Quick Release Plate × 1

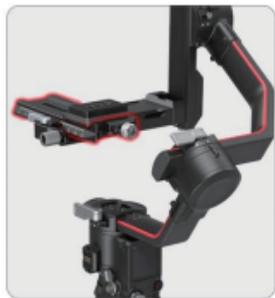

More Elaborate Design

The rosette design perfectly fits for your gimbal for better adjustment.

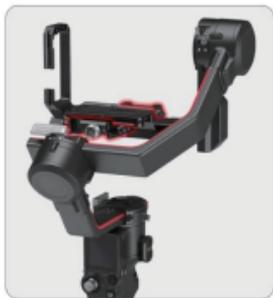

Features Scales
for Precise Positioning

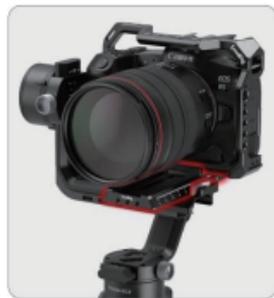

Compatibility

Compatible with original
Arca-Swiss plate

Compatible with
Arca-Type L Bracket

Compatible with
Cage features Arca-Type
structure at bottom

Horizontal and Vertical Shooting

You can switch quickly between horizontal and vertical shooting on your gimbal

Convenient and Efficient

The clamp can be locked quickly by thumbscrew without any tools

An Anti-drop Pin

Anti-drop function still works when matched with the original Arca plate.

Package Includes

1 x Quick Release Plate

Product Parameters

Brand:
SmallRig

Product Dimension:
140 x 49.5 x 15.8mm

Material(s):
Aluminum Alloy,
Stainless Steel

ID:
3061

Color:
Black

Net Weight:
90g

Manufacturer Email: support@smallrig.com

Manufacturer: Shenzhen Leqi Innovation Co., Ltd.

Add: Rooms 101, 701, 901, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.

Consignor: Shenzhen LC Co., Ltd.

Add: Room 201, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.
